

The **Trimfast** range offers a wide variety of trimmers, guillotines and ream cutters to satisfy all your paper cutting requirements. Easy to use and made to an extremely high standard, the Trimfast range is built to last with a model to suit every application from occasional use to every day heavy duty work.

KEY FEATURES

- Safe and easy to use
- Precise and neat cut
- High quality finish
- 1 year warranty*

Trimmers

Cut paper, film or foil with a smooth slicing action with the Trimfast range of trimmers. All trimmers are made to an extremely high standard and offer a simple and safe method of operation. Each trimmer features a rotary blade and automatic clamping, as well as a blade guard. Our A1, A0, 1.5m & 2m models also include a fitted stand for easier use.

Model	Length	Max Paper Size	Cutting Capacity	Table Size
RO3016	330mm	A4	0.7mm/7 sheets	210x435mm

Spare Blades**Replacement Rotary Cutter Blades**

Carbide rotary blade suitable for all Trimfast rotary trimmers.

ROCB	Rotary Trimmer Carbide Blade
ROCH	Rotary Trimmer Carbide Blade and Head
ROCB16	Rotary Trimmer and Carbide Blade for RO3016 only

Guillotines

Our range of guillotines are ideal for a variety of tasks and materials.

The shearing action of the knife style blade produces a precise, neat cut every time. Each Trimfast guillotine also features a press clamp and all of our guillotines are designed for totally safe operation. The GU3024 and GU3025 models include an ABS shield for even greater protection.

▲ GU-3023

Model	Length	Max Paper Size	Cutting Capacity	Table Size
GU3023	310mm	A4	2.0mm/20 sheets	255x350mm
GU3024	392mm	A4	2.0mm/20 sheets	305x425mm
GU3025	448mm	A3	2.0mm/20 sheets	330x480mm

Ream Cutters

When you have large quantities of paper to cut, Trimfast offers a range of reliable, high performance ream cutters that will give you the results you need quickly and efficiently. All our systems feature re-sharpenable blades and either a flick action or spindle guided clamp. A stand is available with all models except the RE3943 and all models feature manual operation except the RE3952E which is an electric system.

▲ RE-3946
